

Pro Grip™

50ft 8/3 STW

Welding Extension Cords with "CGM"

Century Pro Grip™ Welding extension cords are designed for use with portable welding machines rated at 400 amps or less. Our heavy duty, hard service STW jackets are designed to remain flexible and pliable under full load. These cords feature our patented "CGM" Continuous Ground Monitoring connector and lighted male plug. The plug features Century's convenient heavy duty Pro Grip handle that folds out of the way when not in use.

FEATURES

- Manufactured to 8/3 AWG (American Wire Gauge) specifications
- Each of the 3 conductors contain 133 strands of 29 gauge 100% copper wire
- All copper is soft drawn & annealed for maximum flexibility under load
- Our coldweather PVC insulation and jacket guarantees working flexibility in temperatures down to -40°F
- Special hard service "STW" 600V thermo-vinyl jacket resists oil, grease and ozone
- Heavy-duty molded-on 50A-250V NEMA 6-50 plug and connector will not pull away from the cord body
- Lighted amber Power Check plug indicates power
- Lighted green Ground Check connector indicates ground continuity
- Designed for use with portable MIG welders like Lincoln, Miller or Hobart
- Jacket color: Black
- Lengths: 25ft, & 50ft
- cETLus Listed for USA and Canada
